

ARJUN SHARMA

Bengaluru, Karnataka | arjun.sharma@email.com | +91 98765 43210 | LinkedIn: linkedin.com/in/arjunsharma

CAREER OBJECTIVE

Computer Science undergraduate seeking a software development internship where I can apply programming, problem-solving, database and web development skills while contributing to real-world engineering projects.

EDUCATION

Bachelor of Engineering in Computer Science — VTU, Karnataka | 2024–2028 | CGPA: 8.4/10

TECHNICAL SKILLS

Programming: Java, Python, C

Web: HTML, CSS, JavaScript, Flask

Database: MySQL, SQL

Data & AI: Pandas, NumPy, Scikit-learn, NLP

Tools: Git, GitHub, VS Code, Power BI

PROJECTS

AI Resume Analyzer

Developed a Flask-based application that extracts text from PDF resumes, identifies technical skills, compares resumes with job descriptions and generates a job-match score with missing-skill suggestions.

Smart Attendance System

Built a face-recognition attendance system using Python, OpenCV and SQLite with automated attendance records and an administrative dashboard.

Driver Drowsiness Detection

Implemented an eye-closure based drowsiness detection system using Python and computer vision with alerts and session logging.

INTERNSHIP / EXPERIENCE

Software Development Intern — Tech Solutions Pvt. Ltd. | June 2026 – August 2026

Worked on Python automation scripts, SQL queries and internal web application improvements.

CERTIFICATIONS

Python for Data Science | SQL Fundamentals | Web Development with Flask | Git & GitHub

ACHIEVEMENTS

Solved 150+ programming problems on coding platforms and participated in college-level technical events.
